

To whom it may concern:

It is very important to me and my family that we are able to listen to K-Love. With so many radio stations not playing family-centered music, commercials, etc., K-Love is very refreshing. I don't have to be concerned with what my children and their friends are hearing when they listen to this station.

I think that many lives could be affected and changed by the availability of K-Love in our community. I know that many people flip through the stations trying to find something decent to listen to. If they came upon K-Love, with its upbeat and positive music, they are likely to listen to it. We have too much bad in this world to take out any more good.

Thanks for listening,
